LUVO™

OPHTHALMIC CHAIR & STAND

A *new* choice for your exam lane

from your Canadian supplier

FEATURES & SPECIFICATIONS

Comfort for patients.
Efficiency for you.

Everything your exam lane needs, in one coordinated package. A counterbalanced instrument stand keeps your slit lamp and diagnostic tools within easy reach, while the motorized-recline chair positions patients comfortably with minimal effort. Well built for everyday use and thoughtfully priced, it can be bundled with Clarion's wide range of exam equipment to outfit a complete lane from one Canadian supplier.

LUVO IMT-1 EXAMINATION CHAIR

- Hydraulic lift and motorized recline, both easy for the doctor to operate
- Manual rotation frees your hands to swivel the chair from both sides
- Wide rotation and recline range for comfortable patient positioning

LUVO IMT-1 INSTRUMENT STAND

- Counterbalanced slit lamp arm
- Backlit membrane button controls on both sides of the slit lamp arm
- Three charging wells with indicator lights for ophthalmoscope and retinoscope
- LED lamp
